End-to-end cloud solutions across AWS, Azure, and Google Cloud.

- Cloud migration & modernization
- Multi-cloud architecture
- Infrastructure as code
- Cost optimization
- 24/7 managed services

AI & LLMs

Custom AI solutions with latest LLM technologies.

- Custom LLM integration
- Conversational AI
- Document intelligence
- RAG systems
- Model fine-tuning

Data Science

Transform data into actionable insights.

- Predictive analytics
- Business intelligence
- Data warehousing
- Real-time analytics
- Visualization

MLOps

Streamline ML model lifecycle.

- Training pipelines
- Automated workflows
- Model monitoring
- A/B testing
- Feature stores

TECHNOLOGY STACK

LLMs:	GPT, DeepSeek, Claude 3, Gemini, LLaMA, Mistral, Mixtral, Command R+, Grok, Qwen, ERNIE, Ollama, Hugging Face
AI Frameworks:	OpenAI SDK, LangChain, LangGraph, LangSmith, AutoGen, CrewAI, MCP AI
AI Tools:	ChatGPT, Claude, Gemini, Perplexity AI, Jasper, DALL·E, Midjourney, Stable Diffusion, Synthesia, ElevenLabs, N8N, Zapier, Flowise
Languages:	Python, Java, C#.NET, Golang
Databases:	MySQL, MongoDB, Oracle, SQL Server, Redis, Firebase, Cassandra, FAISS, Chroma, Milvus, Weaviate, Qdrant
Cloud & DevOps:	Docker, Kubernetes, CloudFormation, API Gateway, Nginx, Firebase, OpenShift
Streaming:	Kafka, RabbitMQ, ActiveMQ, Kafka Streams, Flink, Spark, Flume

More Services

Complete solutions for digital transformation

Blockchain Solutions

Decentralized solutions for transparency.

- Smart contract development
- DApp development
- Supply chain solutions
- NFT platforms
- Tokenization

DevOps & Automation

Accelerate delivery with modern DevOps.

- CI/CD pipelines
- Infrastructure automation
- Container orchestration
- Monitoring & logging
- Security

PROVEN RESULTS

Enterprise Cloud Migration for Major Australian Bank

40%
Cost Reduction

10x
Faster Deploys

99.99%
Uptime

About DynXsoft

Leading technology partner in Australia

Who We Are

DynXsoft is an Australian-based technology partner specializing in Cloud, AI, Data Science, and Blockchain. We empower enterprises with cutting-edge solutions that drive digital transformation.

Our Mission

To empower enterprises with technology solutions that drive transformation and create measurable business value.

Our Vision

To be the most trusted technology partner across Asia-Pacific for innovation and excellence.
